Night:Day

Instructions

GitHub

The scoreboards will have a black background and red text and use a digital font to look like old LED numerical displays.

The night/day slider will change the theme of the page from dark to light.

The instructions button will bring up a popup textfield explaining the instruction on how to play rock Paper Scissors. The GitHub button will link to the GitHub repository.

Win

004

Draw

002

Lose

005

The rock, paper, scissors buttons will be what the user selects to play the game.
